Dangote Cement is of the highest quality and comparable to any quality cement brand in the world. Cement from Dangote's modern factories is sold in 50 Kg bags, 1.5-tonne jumbo bags, and in bulk tankers. Stringent quality assurance processes are put in place so that customers can be assured of receiving a high-quality product that meets all the required technical standards.

We only accept **orders with a minimum of** 600 x 50 kg bags delivered in Harare and surrounding areas including Ruwa, Chitungwiza and Norton. **Nationwide** deliveries would attract an additional transport cost. Our team is ready to give a transport quote for areas outside of Harare. Get in touch by sending an enquiry today!

100bags x 50kg = £790-00

[Please Order Quantity of 6 x 100bags to meet Minimum Order requirement]

NB* Customer arranges their offloading of the bags from truck.
